

I am blissfully on New Jersey's do-not-call list. No longer do I have to stop cooking dinner to answer an unwanted solicitation phone call, no longer do I have to run from the shower to answer an unwanted solicitation phone call, no longer do I have to stop helping my son with his homework to answer an unwanted solicitation phone call, no longer do I have to well, you get the point! My home life has been greatly improved by the reduction in phone calls.

Please do not weaken New Jersey's do-not-call policy. Exactly how many replacement windows, refinanced home mortgages or security systems does one home need?-If a company has done business in the last 18 months with a consumer, the consumer already has their product in use and doesn't need them to call them to solicit their business. Thank you for your consideration.
